PANAMA BUREAU MONTHLY REPORT AUGUST 1981

1. The bureau experienced difficulties with remote monitoring of Nicaragua off and on during the month, and, to complicate matters further, Managua International Service on 5950 khz became unheard as of 20 August. Alternate coverage arrangements included Bluefields Radio Zinica on 6120 khz relaying Managua Radio Sandino at 1200-1300 and broadcasting its won newscast at 1800-1900 GMT, and Radio Sandino 0300-0415 and Radio Corporacion 0400-0500 GMT using the QRL and loop array antenna.
2. Continuous jamming of (Clandestine) Radio 15 September in Spanish to Nicaragua continued during August, rendering the broadcast unintelligible about 75 percent of the time.
3. Due to deteriorating reception in the evenings and stepped-up guerrilla activity in mid-August, coverage of (Clandestine) Radio Venceremos in Spanish to El Salvador reverted to priority 2 coverage of the 1200-1300 cast with the repeat 0000-0100 GMT evening cast as a backstop.
4. For the first time since it was intercepted in March, (Clandestine) Radio Free Cuba in Spanish to Cuba was unheard 10-24 August. Station was heard again on 28 August, but was unheard once again on 31 August.
5. carry SEAT three half-hour casts daily. After a 2-week sample period the cast were found to be productive and were added to coverage.
6. Cruising projects and activities accomplished during August included:
 - a. Extensive cruising of West European voice and press transmitters for an updated reading of the bureau's capability to backstop the BBC under the emergency fallback plan.
 - b. An updated schedule of PRELA transmissions in Spanish, English and Portuguese was filed in response to a Headquarters request.
 - c. Observed Puerto Lempira La Voz de la Mosquitia (Honduras) broadcasting in Spanish, English and Miskito on 4910 khz at 1200-1400 and 0000-0200 GMT daily. Programming during these hours was compiled and filed.
 - d. Confirmed via remote monitoring that Managua Radio Continental had not yet returned to the air as of 20 August although it had been authorized to resume transmissions on 8 August.
 - e. Observed Panama City Televisora Nacional expanding its evening newscast and retiming it to 2245-2400 GMT.
